Prayagraj , UttarPradesh · ahsaninfo998@gmail.com · +91 8948263612

EDUCATION

United University Bachelor in Computer Application Computer Application <i>GPA: 8.84</i>	Prayagraj Aug-2022 - Aug-2025
Bishop George High School and College Intermediate ICSE <i>GPA: 83%</i>	Prayagraj May 2020 - June 2021
Benhur High School and College High School ICSE <i>GPA: 85%</i>	Prayagraj May 2019 - May 2020

TECHNICAL SKILLS

Programming Language: Java C C# Python JavaScript:
Front-end Technologies: HTML CSS JavaScript Bootstrap React:
Back-end Technologies- .NETMVC Springboot:
Databases- MY SQL and SQL Server:
Developer Tools- Visual Studio Visual Studio Code IntelliJ IDE Eclipse Postman:

WORK EXPERIENCES

Waap Coders Soft technology LLP <i>Software Developer</i>	Remote Aug 2022 - Present
• Developed and maintained web applications, managing both frontend and backend operations. • Designed and implemented user interfaces with a focus on responsive design and usability. • Managed and optimized databases, ensuring efficient data storage and retrieval. • Integrated APIs for seamless communication between systems and third-party services. • Collaborated with cross-functional teams to deliver high-quality, scalable software solutions.	

PROJECTS

Flight Genie *ASP.NET MVC, HTML, CSS, JavaScript ,Bootstrap,SQL Server-<https://flight.waapcoders.in/>*
Flight Genie is an advanced flight booking software designed to streamline the process of searching, booking, and managing flights for users. The platform caters to both individual travelers and corporate clients, offering a comprehensive suite of tools for flight reservation, itinerary management, and customer service.

Nidhi *ASP.NET MVC, HTML, CSS, JavaScript ,Bootstrap,SQL Server-<http://ananyavikashnidhi.com/>*
Ananya Vikash Nidhi is a Online Banking Software that offers a wide range of services, including savings accounts, fixed deposits, and loan schemes to its members. Ananya Vikash Nidhi, serves as the primary digital platform for managing member accounts, providing information on various financial products, and facilitating online transactions.

Hardinastro *ASP.NET MVC, HTML, CSS, JavaScript ,Bootstrap,SQL Server-<https://hardinastro.com/>*
Developed Hardinastro, a web-based astrology app, showcasing full-stack development skills. Designed a responsive UI with HTML, CSS, and Bootstrap, and enhanced interactivity using JavaScript and jQuery.

INTERNSHIPS AND CERTIFICATIONS

WaapCoders Soft Technology LLP
During my internship, I gained hands-on experience in both frontend and backend development. My key responsibilities included Aug 2023-Present

Frontend & Backend Development: Designed and developed a web application using NET MVC and Visual Studio 2015.

Database Management: Worked extensively with SQL Server 2020, managing databases, finding errors, and analyzing logs.

Bug Checking & Testing: Conducted thorough testing to identify and fix bugs, ensuring the application ran smoothly.

Version Control: Utilized SVN for version control, executing various commands to manage the codebase effectively.

Certifications

Infosys certified in Programming using Java

Certified in Google Gen AI
